99 BILLS SIGNED AS CONGRESS DIES

Harding's Pen Hand Kept Busy—
No Session for Nine Months

Washington, March 5.—The country today faced the now unaccustomed prospect of nine months without a session of congress.

The 67th congress had passed into history and incidentally, with its four sessions, set a new record for future congresses to shoot at in the extent of time actually spent in the legislative halls.

The exodus of members and former members of the senate and house who tolled through the sessions was in full swing today, while Washington was trying to accustom himself to the comparatively drab and prosaic life ahead.

Since the adjournment came yesterday with the bang of the senate gavel sharply at noon and that of the house six minutes later after a brief final session conspicuously lacking in the thrills of the pre-adjournment hours of some other congresses.

The closing in the house, however, had the usual colorful qualities of song and sentimental informalities, with a section of the marine band on hand.

The rendition of old favorites by an impromptu quartet of members warmed the whole house and most of the spectators in the crowded galleries to a lusty swelling of the chorus. On the business side of the program while President Harding signed a total of 99 bills, including the farm credits bill, during the closing hours,

"UNCLE JOE" CANNON.

55 of these receiving his signature after his arrival at the capitol about half an hour before adjournment, little was accomplished by either senate or house on the last day. After he sang "swan" speeches by Senators Frelighuysen and Sutherland, and a tribute to Senator Williams, by his colleague, Senator Harrison of Mississippi, the senate tried vainly to pass a few minor bills. It ran into a 15 minute filibuster by Senator Dial, democrat, which was terminated by the adjournment gavel.

"Uncle Joe" Cannon, who retired from public life yesterday, was extolled by several of his colleagues on the floor of the House just before adjournment. Representatives Hicks (N. Y.) and Sisson (Miss.) made short addresses eulging Mr. Cannon's long and faithful service and wishing him "health, happiness and Godspeed."

Uncle Joe was not in the chamber at the time, but appeared a few minutes afterward. Thereupon the entire membership arose and applauded for several minutes. When Uncle Joe, who was leaning on the arm of his secretary, saw what was going on he beat a hasty retreat. But many of his colleagues noticed that his eyes were moist and he was searching his pockets for a handkerchief.

Mr. Hicks said he was born just two days after Uncle Joe first came to Congress and "we are both living on the same day." Mr. Sisson said every-

body who knew Uncle Joe had learned to love him and that he felt a high honor to have been associated with him in the house, an honor he "would always treasure."

DOLLAR A GALLON FOR GAS IS WHAT LA FOLLETTE FEARS

His Investigating Committee Says
Some Way Must Be Found to Break
S. O. Co.'s Grip on Industry.

Washington, March 5.—A dollar a gallon for gasoline is the prospect held up for the consumer in the report of the LaFollette oil investigating committee to the senate, unless means are taken to break what the report declares to be a complete domination and control of the oil industry by the Standard companies.

If a few great oil companies are permitted to "manipulate prices" during the next few years, as they have been doing since 1920, the report presented yesterday said, the people of the country must be prepared before long to pay "at least" that price.

Among eight measures recommended by the committee to curb the evils found were establishment of a uniform accounting system for oil companies, to show costs and profits; compulsory monthly reporting to a government agency to show the quantities of crude oil and its products in storage and transportation; divestment of the ownership of pipe lines from companies transporting the oil; and prohibition or regulation of the exportation of petroleum.

Investigation looking to contempt proceedings before the supreme court in all cases of "implied" or expressed agreement to fix prices arbitrarily or restrain trade, also was recommended as was institution of grand jury proceedings wherever price manipulation is attempted.

DIES IN GRAND RAPIDS

Mrs. William Mack, Formerly Miss Mary Williams, Passes Away—Remains to be Brought Here.

Mrs. William Mack, who, before her marriage was Miss Mary Williams of 158 Dwight street, died at 3:10 o'clock this morning at her home in Grand Rapids, Mich., relatives were informed today. She leaves, in this city, her mother, Mrs. Elizabeth Williams; three sisters, Misses Grace, Rebecca and Anna Williams; and a brother, Harry Williams. She was 23 years of age and a graduate of New Britain High school in the class of 1915. Before her marriage she was employed in the life premium department of the Travelers Insurance Co., Hartford. The remains will be brought to this city for interment.

ALLIES ARE BLAMED

Duesseldorf, March 5. (By Associated Press)—The Germans hold the Ruhr Allies indirectly responsible for the disorders in Essen early Sunday morning, when several hundred patrons of a large cabaret were robbed by fifteen or twenty armed men. Armed mobs, said to be unemployed, caused disturbances in various parts of the city by looting food stores.

The expulsion of the security police, the Germans point out, has left the city practically without protection, and the marauders took advantage of this situation. The municipal police force, which is to replace the security police, is not yet completely organized.

Sunday morning's disorders brought home to the Allies the fact that unemployed mobs could do so much harm.

ENFORCE BLUE LAWS

Three Big Organizations Combine to
Fight Booze, Drugs, Sunday Shows,
Swindling, Prize Fighting, etc.

New York, March 5.—Three of the country's oldest and most substantial reform organizations have pooled their financial resources and mapped a plan of campaign against prohibition repeal, race track gambling, prize fighting, salacious literature, Sunday theatrical performances and traffic in narcotics, the New York World declared today.

The new organization according to the World, is to be known as the International Reform Bureau of the World Temperance League. The affiliated bodies are said to be the international bureau founded more than 30 years ago by the late Rev. Wilbur F. Crafts; the World Prohibition Foundation and the National Temperance Society. Headquarters are declared to be planned in Washington. The organization, according to the World, will have more than \$300,000 with which to begin its campaign. Virgil G. Hinshaw, one time president of the World Prohibition Foundation, is said to have been elected general secretary.

Grip Left You a Bad Back?

DOES your back ache day after day with a dull, unceasing throb? Are you worn-out, and discouraged—ready to "give up"? Then why not look to your kidneys. Chances are a cold or a chill has weakened your kidneys! Poisons have accumulated that well kidneys would filter off. It's little wonder, then, you have constant headache, dizziness, spells, annoying bladder irregularities, and sharp, rheumatic twinges—that you feel nervous, "blue" and irritable. Don't wait for serious kidney trouble. Get back your health while you can. Use Doan's Kidney Pills. Doan's have helped thousands. They should help you. Ask your neighbor!

"Use Doan's" Say These New Britain Folks:

Mrs. Joseph Bachand, 176 Glen St., says: "When I caught cold it disordered my kidneys, leaving them weak. My back ached and pained when I bent over and I had bearing-down pains just over my kidneys. My kidneys bled often. I used different kidney remedies but they did me no good. Doan's Kidney Pills, from the Miller-Hanson Drug Co., relieved me in a few days, regulating my kidneys, and making my back strong again."

Gustave A. Raschat, Prop. shoe repair shop, 713 Stanley St., says: "My kidneys became weak and acted irregularly. This did not alarm me much until my kidney secretions became highly colored. My back became weak and ached considerably. I used Doan's Kidney Pills and they soon put my kidneys in normal condition. My back stopped aching and I have never had a similar attack. I believe Doan's have cured me."

24 MILL TAX IS RATE TO BE LEVIED IN SILVER CITY

Meriden Board Fixes Seventeen Mill
Rate in Second District and
Seven in First.

Meriden, March 5.—The board of apportionment and taxation Saturday set the 1923 city tax rate at seventeen mills in the second district and seven mills in the first district and appointed a committee consisting of Charles F. Rockwell, Wilbur F. Parker and Arthur F. Lane to urge the legislature to reconsider the bill authorizing a \$300,000 bond issue to meet the debts incurred at the time of consolidation. This bill was rejected Friday in the house of representatives following an unfavorable report of the finance committee and will be acted upon in the senate either Tuesday or Wednesday.

In an official communication to the press the board of apportionment and taxation explained that the debt must be paid and that it was incurred through the peculiar conditions attending the consolidation of the town and city. This report pointed out that \$345,000 of the debt was incurred by the town and \$40,000 by the city, and that \$215,000 was school expenditure, while \$55,000 was for payment of state, county and military taxes.

Bridgeport Orphans Have Dinner of Venison Today

Bridgeport, March 5.—The children of Bridgeport and Norwalk orphan homes ate venison for dinner today, the gift of the state of Connecticut. The deer, a buck weighing nearly 200 pounds, was shot and badly wounded by an unidentified person Saturday near Beardsley park at this city, and later it was killed by order of the game warden. Upon permission granted by John W. Titcomb, superintendent of fish and game, the meat was distributed between the two orphanages.

SCENE FROM "THE NINETY AND NINE"
He picked up the smoking revolver and assumed blame for a crime he never committed. He did it for a girl and expected her to follow him, but she was already engaged to another. He took the downward path after escaping on a locomotive and years later was recognized by driving an engine through miles of blazing forest to rescue the inhabitants of a village. The story is told in "The Ninety and Nine," with Warner Baxter as the boy and Gertrude Astor as the girl.
